

**READY TO USE BARRIER
TEAT DIP**

JOPO FILM

Jopo Film is a rich barrier teat dip based on PVP iodine with a high content of moisturizing and caring ingredients. Jopo Film is extra good in critical periods around drying off and calving.

- **EASY TO USE**
- **OPTIMAL PROTECTION**
- **CARING INGREDIENTS**

■ DOSAGE

Jopo Film is ready to use.
Apply to teats immediately after milking.
Can be used 1-3 times per day.
Dosage per treatment:
Cows and buffaloes: 4 ml/animal
Sheep: 2 ml/animal
Goats: 3 ml/animal

pH:
pH Delivery ~ 4,5

Use biocides safely. Always read the label and product information before use.

■ PROPERTIES

Due to the high content of caring ingredients, Jopo Film penetrates and protects the skin until the next milking. Creates a breathable film providing an optimal microbial protection between milkings. Contains a wide range of caring ingredients such as allantoin which encourages the natural healing of the skin. Leaves the teat skin soft and smooth. Easy to use - no dosing problems. Eases the wiping of the udder. Biodegradable.
