<p>TEX ODOUR 352 can be used everywhere, where nuisance odour is to be removed. Tex Odour 352 absorbs odorants from the air and neutralizes odour particles from textiles.</p>						
56290	Tex Odour 352	5L	Can	3	108	
11045	Tex Odour 352	20L	Can	1	36	
<p>TEX BLEACH 759 is used for all white and bleach proof, colored textiles. Bleaches effectively at 70-95°C. Tex Bleach 759 is used in connection with dosing equipment. Tex Bleach 759 is an environmentally friendly, nonchlorine containing bleaching agent.</p>						
26325	Tex Bleach 759	10L	Can	1	40	
26326	Tex Bleach 759	20L	Can	1	24	
<p>TEX BLEACH EXTRA 754 is used for all white and bleach proof, colored textiles. Bleaches effectively at 50-70°C. Tex Bleach Extra 754 is used in connection with dosing equipment. Tex Bleach Extra 754 is an environmentally friendly, non-chlorine containing bleaching agent.</p>						
41865	Tex Bleach Extra 754	10L	Can	1	40	
<p>TEX BOOSTER 755 is a liquid washing booster for use in all types of washing machines for prewashing and/or washing of textiles which are especially dirty with mineral, vegetable or animal fats. Tex Booster 755 has a very high content of non-ionic surfactants, which effectively reduce the surface tension of the washing water and emulsify oils and fats.</p>						
26305	Tex Booster 755	10L	Can	1	40	
<p>TEX LIQUID 751 is suited for washing in soft as well as hard water at 40-95°C, of white and coloured textiles of cotton or polyester/ cotton, in all types of washing machines. Tex Liquid 751 is not suited for washing of delicate synthetic textiles and must NOT be used for washing of wool and silk.</p>						
26319	Tex Liquid 751	10L	Can	1	40	
26320	Tex Liquid 751	20L	Can	1	36	
26321	Tex Liquid 751	200L	Drum	1	2	
<p>TEX LIQUID DELICATE 762 is specially developed for washing all kinds of skiving wipes at 30-40 ° C, from wool and silk to any kind of synthetic and mixing textiles. Tex Liquid Delicate 762 is suitable for both hand wash and machine wash.</p>						
26166	Tex Liquid Delicate 762	10L	Can	1	40	
<p>TEX LIQUID ENZYME 758 is suitable for machine wash in both soft and hard water at 30-60 ° C, of all types of textiles except wool and silk. Tex Liquid Enzyme 758 contains enzymes that degrade proteins and starch already at low temperatures.</p>						
26311	Tex Liquid Enzyme 758	5L	Can	3	108	
26312	Tex Liquid Enzyme 758	10L	Can	1	40	
26313	Tex Liquid Enzyme 758	20L	Can	1	36	
26314	Tex Liquid Enzyme 758	200L	Drum	1	2	
26348	Tex Liquid Enzyme 758	1000L	IBC	1	1

<p>Tex Powder Color 751 is well-suited for machine washing in soft as well as hard water at 30-60°C, of all coloured textiles. Tex Powder Color 751 must NOT be used for washing wool and silk. Remember always to wash coloured textiles separately the first 2-3 times. Tex Powder Color 751 contains enzymes which effectively break down proteins. Tex Powder Color 751 has a high content of washactive substances which effectively remove fat and particle dirt.</p>						
31162	Tex Powder Color 751	12,5KG	Bag	1	40	
<p>Tex Powder Color NP 154 is a broad-spectrum washing powder which is well suited for machine washing at 30-60°C of all types of colored textiles. Colored textiles should always be washed separately the first 2-3 times. Tex Powder Color NP 154 cannot be used for washing of wool and silk. Tex Powder Color NP 154 has a high content of washactive substances which effectively remove fat and particle dirt.</p>						
31099	Tex Powder Color NP 154	12,5KG	Bag	1	50	
<p>TEX POWDER COLOR NP 155 is a phosphate-free washing powder used for machine wash at 30-60°C of all coloured textiles. Always wash coloured textiles separately the first 2-3 times. Tex Powder Color NP 155 has a high content of wash active ingredients which effectively removes fat and particle dirt.</p>						
26329	Tex Powder Color NP 155	5KG	Bag	1	125	
<p>TEX POWDER WHITE NP 156 is a broad-spectrum washing powder which is well suited for machine washing at 30 -95°C of all types of white and light colored textiles. Tex Powder White NP 156 cannot be used for washing of wool and silk. Tex Powder White NP 156 contains enzymes which effectively break down proteins Tex Powder White NP 156 contains bleach that bleaches stained spots from food and beverages away at 50-70 ° C (the higher the temperature the more brighter bleaching).</p>						
31095	Tex Powder White NP 156	12,5KG	Bag	1	52	
<p>TEX POWDER WHITE 750 is a broad-spectrum washing powder which is well suited for machine washing at 40-95°C of all types of white and light colored textiles. Tex Powder White 750 contains bleaching agent which bleaches away colored stains at 50-95°C. The higher the temperature the stronger the bleaching. Tex Powder White 750 Can be used for wash of all types of colored textiles at 40°C and colorfast colored textiles which need bleaching at 50-60°C. (Colored textiles should always be washed separately the first 2-3 times). Tex Powder White 750 Cannot be used for washing of wool and silk. Tex Powder White 750 contains enzymes which effectively break down proteins. Tex Powder White 750 has a high content of washactive substances which effectively remove fat and particle dirt. Tex Powder White 750 does not contain perfume.</p>						
31159	Tex Powder White 750	12,5KG	Bag	1	40	
<p>TEX SOFTENER 761 is a liquid concentrated fabric softener. Tex Softener 761 counteracts static electricity, especially when washing and tumble drying synthetic textiles.</p>						
26350	Tex Softener 761	5L	Can	3	108	
26322	Tex Softener 761	10L	Can	1	40	
26323	Tex Softener 761	20L	Can	1	36	
26324	Tex Softener 761	200L	Drum	1	2	
<p>TEX SOFTENER F 351 is a liquid, concentrated fabric softener with antistatic effect. Tex Softener F 351 counteracts static electricity and softens the clothes while giving them a pleasant smell.</p>						
41831	Tex Softener F 351	1L	Bottle	12	360	
41834	Tex Softener F 351	10L	Can	1	40	
26315	Tex Softener F 351	20L	Can	1	36	
26316	Tex Softener F 351	200L	Drum	1	2

Item no.	Product	Size	Packaging	Kolli size	IBC size	Ecolabelled
<p>TEX LIME POWDER 370 is used for descaling of washing machines and as addition to washing in areas with hard water conditions, over (15°dH). Tex Lime Powder 370 gently descales washing machines without destroying rubber tubes and gaskets. Does not corrode metal surfaces and enamel.</p>						
41813	Tex Lime Powder 370	12,5KG	Bag	1	90	
<p>NOVAREN EXTRA is a concentrated washing powder suited for washing of white and coloured textiled made of cotton and cotton/polyester in soft water - in washing tubes as well as centrifugal washing machines. Novaren Extra contains surfactants with very good fat and oil-emulsifying properties.</p>						
31110	Novaren Extra	12,5KG	Bag	1	52	
<p>KLORADAN is used as special bleaching agent for white clothes of cotton or polyester/cotton, which is especially dirty with difficult coloured stains/spots from food and drinks. Kloradan is used with a washing agent which does not contain bleaching substances. Kloradan is well-suited for bleaching in case of rewashing (last chance). Kloradan must NOT be used for bleaching of delicate synthetic textiles, wool and silk.</p>						
31113	Kloradan	12,5 KG	Bag	1	20	
<p>LIQUICLEAN is a liquid highly alkaline washing detergent especially suited for washing at 50-85 °C of all types of workwear and special textiles such as aprons, cutting gloves etc. which are dirty due to fats and protein.</p>						
32034	LiquiClean	23 KG	Can	1	36	

FACTS REGARDING SWAN LABELLED WASHING DETERGENTS

Swan labelled washing detergents for textiles are among the least environmentally polluting in their category. They fulfill the strong demands for the substances' environmental and health impact and for washing quality.

Among strong environmental demands are that all substances must be easily degradable in the environment and can subsequently not include optical whitener.

Among demands for substances regarding the health of human beings, the products cannot contain substances which are known to be carcinogenic, mutagenic (can change DNA), toxic for reproduction or allergenic. Consequently, they cannot contain perfume and only in limited amounts coloring agents and preserving agents.

Finally, the manufacturer must be able to document that the products' washing abilities are as good as equivalent non-environmental products.
