<p>FOAM ACID 335 is a strongly acidic foam cleaning agent for use in the tobacco and alcohol industry as well as in the food industry. Use on acid-resistant surfaces where a quick and effective cleaning and descaling in for example industrial kitchens, the food industry, shower rooms, public swimming pools and more is required. Foam Acid 335 is well suited for use on vertical surfaces because the foaming cleaning agent makes stable foam with very good adhesion. After 5-15 minutes, the foam is rinsed off with clean water. Do not use Foam Acid 335 on untreated aluminum.</p>						
22148	Foam Acid 335	5L	Can	3	108	
26204	Foam Acid 335	20L	Can	1	36	
<p>FOAM ALKA 334 is a strong foam cleaning agent. Use on alkaline resistant surfaces where a quick and effective cleaning is required. For example on tiles, concrete, stainless steel and more. Foam Alka 334 is well suited for use on vertical surfaces as the foaming cleaning agent makes stable foam with very good adhesion. Do not use Foam Alka 334 on untreated aluminum.</p>						
41803	Foam Alka 334	5L	Can	3	108	
<p>FOAM NEUTRAL 333 is a foam cleaning agent for daily cleaning of shower rooms, wet rooms, industrial kitchens and more. When laid out with foam equipment, Foam Neutral 333 gives an even, pleasant foam layer which effectively removes dirt and fat.</p>						
41735	Foam Neutral 333	5L	Can	3	108
