

NOVADAN[®]
Cleaning solutions for a safer world

INVITATION TO ANUGA FOODTEC 2024

Again in 2024, Novadan has a stand at the Anuga Foodtec exhibition in Cologne where we are part of the Pavilion of Denmark with other Danish companies - all members of the Danish Export Association.

We hereby invite you to visit our stand:

Hal 10.1 - Stand B109

where we are looking forward to talking about everything from membrane cleaning to crate washing, market trends etc.
We serve a cup of coffee and refreshments.

If you have not bought a ticket yet?

Please contact us for a visitor code which you can redeem on the Anuga website and get a ticket for free.
Please contact your Novadan consultant to get the visitor code and do not hesitate to ask for a code for your colleague as well.

We are looking forward to seeing you.

Best regards,
Novadan Food Team

Follow us on LinkedIn for more information about the exhibition, hygiene topics, optimization etc.
